Welcome Message

Based in the heart of Pietermaritzburg, South Africa, MK Green Solutions are dedicated to driving sustainability through innovative recycling and waste beneficiation solutions. Our mission is to transform waste into valuable resources while promoting a cleaner, greener environment for our community and future generations.

With a comprehensive range of services, we specialize in:

- Consulting Services: We help organizations and individuals adopt more sustainable and environmentally friendly practices
- Recycling and Waste Beneficiation: Maximizing the potential of waste through environmentally-friendly processes.
- Waste Management: Providing customized solutions to meet the unique needs of businesses and communities.
- Contract Cleaning: Delivering high-quality, professional cleaning services for both commercial and industrial spaces.
- Landscaping: Enhancing outdoor environments with expert landscaping services, contributing to greener and more sustainable urban spaces.

Our commitment to environmental stewardship and service excellence has made us a trusted partner for both public and private sectors. We don't just manage waste; we create value from it, helping build a sustainable future for South Africa. Welcome to a world where waste is turned into opportunity!

**- Phumelele
Nonkala**
CEO

Company History

Since 2020

MKGreen Solutions is a youth owned waste management business based in Pietermaritzburg KwaZulu Natal. In 2017 MKGreen Solutions started operating as a community clean up project later in 2018 the company joined the Msunduzi kerb recycling initiative programme which included the collection of recyclables from households, schools and some local businesses.

In 2020 the company was established as a formal business providing waste removal and disposal services for general, food and construction waste; to commercial and domestic clients. Due to the Covid19 pandemic MK Green Solutions saw an opportunity to expand its services by providing deep cleaning and disinfection services. To date the company is running a recycling project in Inkosi Langalibalele municipality and provides waste removal services where collections, sorting and repurposing of waste is done for a number of businesses in Pietermaritzburg.

Customer Testimonials

Ora Resto Restaurant

I recommend the services of MK Green Solutions. I have been using using MK Green Solutions for the past two years and I have been always completely satisfied with their performance. They do an excellent job in ensuring that our refuse area is clean and also in sorting of the recyclable waste. MK Green Solutions conducts themselves in a professional manner when providing services. I am happy to recommend the services of MK Green Solutions.

Laager Centre PMB

For the past five years and I am completely satisfied with their performance. They do an excellent job in collection our recyclable waste. They have also assisted me in the clean up operation after the looting prior in July 2021 and did an excellent job. MK Green Solutions conducts themselves in a professional manner when providing services. I am happy to recommend the services of MK Green Solutions.

Franky Bananas

I have been using MK Green Solutions for the past three years and have always been completely satisfied with their services. They do an excellent job in ensuring that our refuse area is clean and also sorting of recycle waste. I am happy to recommend the services of MK Green Solutions.
